How to go in debt is an art that most pareons learn from bitter experience. In all departments of labor it is an art casily reduced to practical operation. The rule to be hid down is, that debt should never be contracted for what we consume. A tanner may properly buy hides on credit for his labor does not consume them, but gives an additional value to them; the shoemaker may buy the leather on credit, for his labor, too a ids to its value, but when the wearer of the shoes buys them on credit, then neither the shoemaker, nor tanner, nor seller of hides has any contents them to callat my rooms, when they come to town.

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOS-TETTER'S CELEBRATED STOMACH BIT-TERS can appeal with perfect confidence to physicians and citizen generally of the United States, because the article has attained a repu-tation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or bluoming puffery. The consumption of Hostetter's Stomach Bit-ters for the last year amounted to over a halfmillion bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements

and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an important temporary products. estimation of an invaluable medicine, which is destined to be as enduring as time itself. Hostetter's Stomach Bitters have proved a Godsend to regions where fever and and various other billious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon resteres them to a condition essential to the healthy discharge

of the functions of nature.

Elderly persons may use the Bitters daily as Etterly persons may use the latters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evi-dence of thousands of aged men and women who have experienced the benefit of using this who have experiences the belief of using the preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this wide. A few words to the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so barassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, theu, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers gene-rally prefer the litters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase

of hodily strength.
All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhesa, d, sentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hos-tetter's Celebrated Stomach Bitters a trial. CAUTION .- We caution the public against using any of the many imitations or counter feits, but ask for Hostetten's Celebrated Stomach Bittens, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

HUNNEWELL'S

JUSTLY CELEBRATED TOLU ANODYNE, The Natural and Sure Remedy for all

NERVOUS COMPLAINTS From Neuralgia through all cases where Opium was ever used to that of Belirium Tremens, and the com-mon chief cause of Disease, LOSS OF SLEEP.

The great Central Active Principle of the Toin Anodyno is a true development of the Original Natural Oplate. In all cases whoever Oplam has been used and its baneful effects witnessed, no mark of ours can adequately compare the difference, and no decision is equal to a trial. The Anodyne contains not a particle of Oplam, and the most delicate constitution can use it with safety, and the perfectly natural state it keeps and leaves the Patient should recommend it to Physicians who have long sought the trie development, and to Patients who wan natural results.

The basis of the Universal Cough Remedy is that freedom from all components which by the great error in compounding, produce complete horts, instead of real cures. We place no rostraint on its use every hour in the day, and ask all Patients to make it the natural anemy to all Coughs, Throat or Lung Complaints by a perfect freedom of application. For infammatory Sere Throat it is a perfect Remedy, and for Whooping Cough the checks all the spasms and allows the Cough to have its run in a quiet way.

With the spirit that we court all investigation, and readiness to answer all inquiries, may we in roturn ask all to be cautious to purchase only of those they can rely upon. "Prices within the reach of all."
